**This Company,**

Being one of the oldest and most reliable in the United States, affords ample security, not only by its large assets, which on January 1st, 1898, were already 12 1/2 per cent over its liabilities, but also by the

PERSONAL LIABILITY OF THE STOCKHOLDERS TO MAKE GOOD ANY DEFICIENCY,

a security not afforded by any other Cash Company.

And may be used to assist in paying Premiums, to afford additional insurance, or to secure paid up Policy as after they have been in force for a number of years, as explained in our pamphlet, or they may accumulate at compound interest to increase the sum insured.

**EVERY FATHER**

Should secure a Policy as early as possible, as none but healthy persons can be insured, and it is his moral duty, to provide in the safest way for his family, which he cannot do better, than by a Life Insurance. Money invested in business may bring more interest for a while, but it may all be lost, and the family is thus left destitute.

# TELEGRAPH

REPORTED FOR THE DAILY RECORD.

## Afternoon Dispatches.

New York, Feb. 23.

The Herald's Washington dispatch says: Grant has become communicative, and expressed himself on Saturday to a friend very freely in regard to the composition of his Cabinet, saying: "I shall invite citizens to fill all the Cabinet positions. If my selections shall not prove judicious in the first instance, I shall feel justified in correcting the mistake by making a second or third selection if necessary."

The letter book of Gen. Halleck has been found, containing all the correspondence on the subject of the removal of Grant when at Vicksburg, including the order for the removal of Grant. The order was signed by Halleck, but was inspired by Stanton, who at that time directed all the correspondence of Halleck. Gen. Banks friends urge him to give all the papers in his possession on the subject to the public, but he still refuses to do so.

Richmond, Va., Feb. 23.

Sunday night in the adjoining town of Manchester, John Rodgers, a respectable citizen, was shot dead by Thomas Willis, whom he had ordered from his lot a few hours before. Willis was arrested.

Springfield, Feb. 23.

A man named Bell trying to escape from officer Blon, of Westfield, Mass., was shot and killed by him, in Southwick, Saturday. Bell was a member of the Cigar Makers' Union, and Tyler was trying to arrest him for assault.

Constantinople, Feb. 23.

The decrees and orders recently issued by the Sublime Porte against the Greeks, have been revoked, and the Turkish ports throw open again to Greek shipping.

Boston, Feb. 23.

It is reported that Wm. G. Balch, Treasurer of James' steam mill, of Newburyport, is defaulting to the amount of \$30,000. The directors have accepted Balch's resignation. After work now in progress is finished the mills will be stopped and a thorough investigation made.

St. Louis, Feb. 23.

Benjamin E. Wiley and daughter, 19 years old, passed through here Saturday en route to Memphis, Scotland county, to stand trial on the charge of murdering an infant, two years of age, the child being the fruit of incestuous intercourse between the father and daughter.

Troy, Feb. 23.

A young man named Edward Flynn was murdered by roughs on the ice while crossing the river last night. Three of the murderers, Thos. Nagent, Michael Melkel and William Robertson, all youths, were arrested. The principal assailant, Robert Pickett, has not yet been secured.

Fortress Monroe, Feb. 23.

A few shanties, occupied by negro squatters, on the farm of Mr. St. Clair, on the outskirts of Hampton, have been removed by the Sheriff, aided by the military, after three peaceable attempts were made to dispossess them.

Harrisburg, Feb. 23.

At the State Arsenal last evening, while a salute was being fired, a premature discharge of a cannon blew off the right hand of George Church and the left hand of a man named Marshall Quay.

The House yesterday evening unanimously passed a bill giving each a gratuity of five hundred dollars.

If Fever and Ague or Intermittent Fever trouble you, use the Great Yosemite Bitters.

Feb 20.

Dispatches from Jefferson City, Missouri, say the investigation of the affairs of the Southwest Pacific Railroad is decidedly in favor of the Company. The report of the committee will be presented to-day. It shows that nearly half a million has been expended in construction; that the Company have drawn on the State Treasurer for \$150,000 less than they are entitled to; that contracts have been made for ties sufficient to carry them fifty miles west of Springfield, and for rolling stock to the amount of \$181,000, to be delivered before July next. Over three thousand tons of rail are now en route to St. Louis, and arrangements have been made for two thousand and five hundred tons more. It was also shown as an evidence of the good faith of the company that they have paid off old Fremont claims amounting to \$195,000 while the law only required them to pay \$60,000.

The best Tonic preparation in use is the Great Yosemite Stomach Bitters, prepared by J. W. Downer & Co.

One Hoffman, of Hartford, has been arrested because there were two contemporaneous Mrs. Hoffmans.
